WHOLESALE CATALOGUE

FOR THE

FALL AND SPRING OF 1893-4,

OF

The Yokohama Gardeners' Association

IMPORTERS AND GROWERS

OF

JAPANESE PLANTS, SHRUBS, TREES, SEEDS, BULBS, ETC.

GLEN AVENUE, NEAR PIEDMONT AVENUE,

OAKLAND, CAL.

POST OFFICE BOX 453, OAKLAND, CAL.

PRINCIPAL STORE AND GARDEN,

Nos. 21 to 35, Nakamura, Yokohama, Japan.

CARRUTH & CARRUTH, PRINTERS, OAKLAND.

1892.

REMARKS.

In presenting our catalogue for next fall, we desire to return our sincere thanks for the patronage bestowed on us by our many customers in the United States during the past season, and trust that they will continue to favor us with liberal orders for the coming season. We also solicit a trial from those who have not yet given us an order, and will try to merit their patronage and support, by using every endeavor in our power to comply with all their demands in a prompt and satisfactory manner.

The rapid progress in our business has enabled us to increase our stock, so that we now carry a large and beautiful variety of foliage, flowering and decorative plants, including very old and rare dwarf trees (all in fancy pots.) Customers and their friends will find many curiosities on visiting our nursery and garden.

As we have full descriptive catalogues of our principal store at Yokohama, Japan, we shall be very glad to furnish them to those who desire to import direct from Japan.

All orders should be accompanied by cash, either in the form of Draft, Check, Postoffice Order or Registered Letter, excepting from such as are well known to us.

We furnish all the goods, warranted first-class in every respect, and pack in a manner to insure safe arrival; but our responsibility ceases with delivery of goods to forwarders, be it Steamer, Railroad, Mail or Express.

Complaints of whatever nature must be made within a week after receipt of goods—otherwise they will not be taken cognizance of.

We take the utmost care to furnish the best seeds, but we give no warranty. Climate, soil and the cultivation of the same demands this proviso.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Oakland or San Francisco.
